

COMMUNITY SAFEGUARDS COALITION

CAMPAIGN 2009

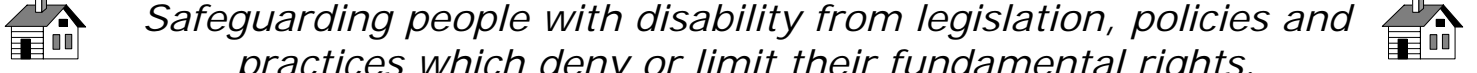

MY LIFE, MY HOME, MY SOLUTION

Safeguarding people with disability from legislation, policies and practices which deny or limit their fundamental rights.

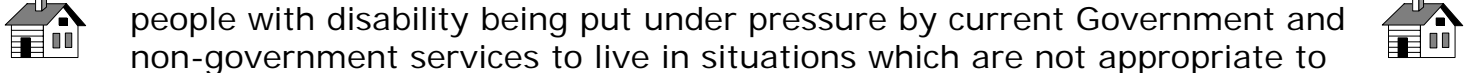

The Position Statement expresses concerns about the growing practice of people with disability being put under pressure by current Government and non-government services to live in situations which are not appropriate to their needs or which they do not choose. Community Safeguards Coalition (CSC) calls this practice 'forced co-tenancy'.

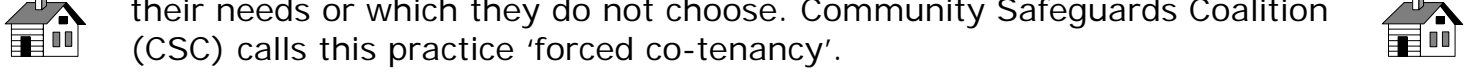

The Outcomes CSC seeks to have addressed are directed to Disability Services Queensland as the lead agency that funds and provides supports for people with disability.

If you or the organisation to which you belong support CSC's recommended outcomes to government, it would be appreciated if you could please complete the information below and return to Queensland Parents for People with a Disability (QPPD), PO Box 466, Salisbury 4107, Ph 3875 2101, Fax 3875 2152. This supporting information will then be presented to the relevant government ministers and departments.

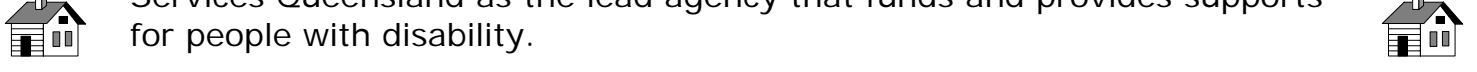

I/We support the recommended outcomes of the Community Safeguards Coalition's Position Paper: My Life, My Home, My Solution.
